LOCALITY

Metropolis is a new, modern residential and commercial complex in the so-called "downtown" of Bratislava - a developing urban zone between Bottova and Chalupkova streets, near the Nivy bus station. The project by Mint Investments consists of two towers (16 and 18 floors), which together create the iconic shape of the letter "M". The architecture was designed by the Prague office City Work Architects, which conceived the building as an urban gem - with a warm, natural appearance of the facades, materials and details according to the latest trends in urban aesthetics. The location is very convenient - the walkway to the center of the Old Town and the Danube is a matter of minutes. Quick walking access to Nivy station (6-8min), Eurovea shopping center, Sad Janka Kráľa and SND - everything is within easy reach. The complex thus combines living, working and leisure in one functional unit.

BENEFITS

- brand new, not yet occupied apartment
- furnished underground parking
- lucrative location
- excellent civic amenities
- walking distance to the center
