Welcome to the cottages in Hodruša-Hámre.

We are offering for sale a modern vacation cottage situated in a gated private community at the foot of the Štiavnica Mountains. The architecture respects the surrounding environment and combines natural materials with timeless design, large glass surfaces, and high-quality craftsmanship. The gated community offers its owners premium amenities—a dedicated property manager, a security camera system, low-maintenance landscaped grounds, a shared outdoor sauna with restroom facilities, a covered gazebo, a fire pit for communal gatherings, and private parking. The rear of the complex also provides direct access to the forest.

Usable area: 90 m²

The interior is designed with an emphasis on functionality, ample natural light, and the comfort of year-round living. The centerpiece of the living area is an open-concept living space with provisions for a fireplace and direct access to the outdoors, creating an ideal spot for relaxation in every season. The cabin is being sold as a shell.
